

2014
CADILLAC ESCALADE

HOW ICONS
BECOME ICONS.

ESCALADE Platinum / White Diamond Tricoat

Maybe it's the fact that they come with a larger-than-life presence. Or that they're renowned the world over. But to really define what creates an icon, you have to dig deeper. And that's where the Escalade cements its status. By any measure, it continues to redefine the category.

ESCALADE ESV

From its dramatic grille to its vertical LED tail lights, the Escalade is iconic in every detail. Its commanding presence is backed by a 6.2L V8 engine that delivers tremendous yet refined power. A comfortable ride is ensured by available Magnetic Ride Control (offered exclusively in the Platinum Collection), while exceptional towing capability is always a given. Inside, supple surroundings are highlighted by leather trim, buried accents and spacious seating for up to eight. It all adds up to an SUV experience unlike any other.

ADAPTIVE REMOTE START

From up to half a football field away, the engine can be started, the interior heated or cooled, and the heated seats activated, depending on the outside temperature.

*LUXURY AND CAPABILITY
ON A GRAND SCALE.*

ESCALADE PLATINUM / Mocha Steel Metallic

AN OVERACHIEVER.
INSIDE AND OUT.

ESCALADE PREMIUM COLLECTION / Light Cashmere / Cocoa

BOSE® CABIN SURROUND® SOUND SYSTEM
Immerse yourself in a premium listening experience with the Bose 10-speaker system featuring 5.1 Cabin Surround Sound.

Surround yourself with luxury and thoughtful details, starting with touch-screen navigation¹ and the available rear-seat DVD entertainment system with a roof-mounted flip-down 8-inch diagonal screen. Settle in the comfortable 14-way power-adjustable front seats with heated and cooled seatbacks and cushions and memory settings for two drivers. And take satisfaction in being front and centre of the most compelling show on the road.

1. At the time of printing, detailed map coverage is available for most major urban areas of the United States and for certain metropolitan areas of Canada (Vancouver, Calgary, Edmonton, Winnipeg, Windsor, London, Toronto, Ottawa, Montreal, Quebec City and Halifax). Coverage is significantly limited outside these areas.

MORE SPACE. MORE CAPABILITY.
IN OTHER WORDS, MORE ESCALADE.

ESCALADE ESV PREMIUM COLLECTION / Black Raven

The Escalade ESV's extended wheelbase (508 mm longer than the Escalade) gives it the same spacious seating with even more cargo capacity. The reclining second-row bucket seats have heated seat cushions and an available power-release function that folds them forward. The third row features 50/50 split-bench seats that can be folded, tumbled forward or totally removed. And, thanks to the power liftgate, accessing all that space is effortless. Navigating is made easier with a rear vision camera display, while the available Side Blind Zone Alert¹ informs you when another vehicle has entered your blind spot. When you need more space, the ESV delivers full-size accommodations along with the luxury for which Escalade is famous.

1. Before making a lane change, always check the Side Blind Zone Alert display, check the exterior and interior rear-view mirrors, look over your shoulder for vehicles and hazards, and start the turn signal. 2. Cargo and load capacity limited by weight and distribution.

ALL SEATS IN PLACE

On top of seating for up to eight (seven-passenger configuration shown), the ESV offers the added advantage of up to 1,297 litres of cargo space behind the third row.²

THIRD-ROW SEATS REMOVED

For a best-in-class 3,891 litres of cargo room,² remove the third-row seat and simply fold the second-row seats (image shown with second-row seats upright).

POWER LIFTGATE

The power liftgate can be opened or closed using either the key fob or a switch in the overhead console. Additional controls on the liftgate also allow one-finger operation from the back.

BRAINS MEET BRAWN

FOR EXHILARATING PERFORMANCE.

Adding to its formidable presence on the road is a 403-hp 6.2L V8. Among its fuel-saving features is Variable Valve Timing that controls the valves during intake and exhaust, enabling the engine to operate more efficiently.¹ All-Wheel Drive and a rear locking differential get all the power to the pavement with confidence, while available Magnetic Ride Control helps maintain a balanced ride.

THE 403-hp 6.2L V8 ENGINE

MAGNETIC RIDE CONTROL SUSPENSION

In the time it takes you to blink, this suspension system has monitored the road 1,000 times. Magnetic particles suspended in a fluid then react to a magnetic field and instantly align to provide the proper dampening.

THE ESCALADE PLATINUM:

EVEN THE PINNACLE HAS
A HIGH POINT.

PLATINUM INTERIOR

The Platinum is filled with impressive amenities. From heated and cooled front seats to a premium 10-speaker Bose® Cabin Surround® Sound System and a wood-trimmed heated steering wheel, it's the ultimate expression of Escalade luxury.

ANILINE LEATHER SEATING SURFACES

Glove-soft Aniline leather wraps heated and cooled front seats. The fine craftsmanship is equally evident in the leather-wrapped instrument panel top pad and upper door trim, as well as the Olive Ash burl wood and Walnut Burl woodgrain trim. And your favourite beverages get preferred treatment in the heated and cooled cupholders. Once your travels begin, the touch-screen navigation¹ helps guide you to your preferred destination. The Platinum is our most luxurious Escalade. Given our history, that's a considerable achievement.

THE PREMIUM COLLECTION:

SAY EVERYTHING
WITHOUT SAYING ANYTHING.

EXCLUSIVE BODY-COLOUR GRILLE

The bold, iconic front is accented with a grille that seamlessly matches the exterior colour for a sleek and seamless appearance. Available LED headlights also add to its stunning design.

22" WHEELS

The upscale Premium Collection makes a powerful statement. Outside, monochromatic exterior accents and integrated dual exhaust outlets lend a distinct appearance. Inside, a rear-seat DVD entertainment system provides rear-seat passengers with hours of entertainment. To top it off, Magnetic Ride Control provides a controlled ride, while multi-spoke 22" Ultra Bright machined-finish wheels and power-retractable assist steps further complement an already impressive package.

1. At time of printing, detailed map coverage is available for most major urban areas of the United States and for certain metropolitan areas of Canada (Vancouver, Calgary, Edmonton, Winnipeg, Windsor, London, Ottawa, Montreal, Quebec City and Halifax). Coverage is significantly limited outside these areas.

THE LUXURY COLLECTION:

BECAUSE THE SUBTLE DETAILS MAKE
THE BOLDEST STATEMENT.

DRIVER-FOCUSED INTERIOR

The power-tilt adjustable steering wheel features integrated controls for audio and cruise. Both driver and passenger seats are 14-way power-adjustable, and the driver-seat memory function stores the preferred settings for up to two drivers.

SECOND-ROW POWER-RELEASE SEATS

INTELLIBEAM® HEADLIGHTS

Step inside Escalade with the available Luxury Collection, and you'll find a beautifully appointed cabin with amenities like a power-adjustable, wood-trimmed heated steering wheel—a welcome feature on a chilly morning. You'll appreciate the convenience of second-row power-release seats that make it easier for rear passengers to enter. There's also revolutionary Magnetic Ride Control suspension that helps smooth out the ride. This Collection also features the brilliance of IntelliBeam headlights. This technology automatically switches between low and high beams when oncoming headlights are sensed, or when tail lights are detected in front of you. Complementing the Escalade's commanding presence are striking 22" chromed-aluminum wheels. And overhead, there's a power-sliding sunroof that opens to the heavens above.

REAR VISION CAMERA

Parking is made easier with the rear vision camera. It turns on automatically when your Escalade is placed in Reverse. It displays a live image of the area behind the vehicle on the navigation screen and includes guiding lines to help you when backing up.

SIDE BLIND ZONE ALERT

Wish you had a second set of eyes? Now you do. Available Side Blind Zone Alert¹ uses radar that sweeps the sides of the Escalade. If a vehicle enters your blind spots, an alert warns you of its presence.

BENEATH ITS POLISHED SHEET METAL RESIDES
A CHISELED SUIT OF ARMOUR.

It starts with a protective safety cage constructed with ultra-high-strength steel alloys for exceptional rigidity and strategically placed crumple zones. Then we add preventive safety features like the StabiliTrak® Electronic Stability Control System with traction control as well as a sophisticated anti-lock braking system (ABS) and Electronic Brake Force Distribution (EBD) to help balance stopping power between the front and rear brakes.

In addition to eight standard airbags², there's also the confidence that comes with front safety belt pre-tensioners that lock the safety belt to help secure occupants during a crash and the peace of mind of having OnStar^{®3} with Automatic Crash Response. Additionally, rollover mitigation sensors that detect a rollover trigger the pre-tensioners when airbags are opening.

1. Before making a lane change, always check the Side Blind Zone Alert display, check the exterior and interior rear-view mirrors, look over your shoulder for vehicles and hazards, and start the turn signal. 2. Always use safety belts and the correct restraint for your child's age and size. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with a passenger airbag. See the Owner's Manual and child safety seat instructions for more safety information. 3. Visit onstar.ca for coverage map, details and system limitations. Services vary by model and conditions. OnStar acts as a link to existing emergency service providers. Not all vehicles may transmit all crash data. After complimentary trial period, an active OnStar service plan is required.

PAINT FINISHES

TINTCOAT A premium 2-layer paint application with the addition of a tinted clearcoat, lending the finish an extra depth and brightness.

TRICOAT A meticulous 3-layer process that results in a dramatic hue-shifting colour.

1. E85 is a blend of 85 percent ethanol and 15 percent regular gasoline. 2. Always use safety belts and the correct child restraint for your child's age and size. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with a passenger airbag. See the vehicle Owner's Manual and child safety seat instructions for more safety information. 3. Available in 10 Canadian provinces and the 48 contiguous United States. Subscription sold separately after trial period. Visit siriusxm.ca for details. 4. Go to CUE.cadillac.ca to find out which Bluetooth phones are compatible with this vehicle. 5. At the time of printing, detailed map coverage is available for most major urban areas of the United States and for certain metropolitan areas of Canada (Vancouver, Calgary, Edmonton, Winnipeg, Windsor, London, Toronto, Ottawa, Montreal, Quebec City and Halifax). Coverage is significantly limited outside these areas. 6. Visit onstar.ca for coverage map, details and system limitations. After complimentary trial period, an active OnStar service plan is required. 7. Maximum payload capacity includes weight of driver, passengers, optional equipment and cargo; payload capacities are approximate. 8. Maximum trailer weight ratings are calculated assuming a base vehicle, except for any option(s) necessary to achieve the rating, plus driver. The weight of other optional equipment, passengers and cargo will reduce the maximum trailer weight your vehicle can tow. See your Cadillac dealer for additional details. 9. Cargo and load capacity limited by weight and distribution. 10. Before making a lane change, always check the Side Blind Zone Alert display, check the exterior and interior rear-view mirrors, look over your shoulder for vehicles and hazards, and start the turn signal.

CADILLAC SHIELD

THE STANDARD OF LUXURY OWNERSHIP

We set out to create the ultimate customer experience. The result is Cadillac Shield, and it backs every vehicle we sell. From innovations like Remote Vehicle Diagnostics and advanced mobile apps to our Premium Care Maintenance program, Cadillac Shield gives luxury owners everything they need.

WARRANTY PROTECTION

Cadillac's 6-year or 110,000-km¹ Powertrain Warranty offers more years and miles standard than BMW and Mercedes-Benz. In addition, our 4-year or 80,000-km¹ Bumper-to-Bumper Warranty covers repairs on your entire vehicle, including parts and labor, to correct problems in materials or workmanship.

PREMIUM CARE MAINTENANCE

Standard on every new Cadillac is the Premium Care Maintenance program. It covers routine oil changes, tire rotations, certain air filter replacements and a thorough multipoint vehicle inspection for 4 years or 80,000 km².

The standard one-year Directions & Connections Plan allows you to push one button to connect with a live Advisor to find the things and places you want. Get directions or a diagnostics check while you drive. Make calls safely with both hands on the wheel, and control your vehicle with the RemoteLink^{®3} mobile app. And, as always, get help immediately in a crash or an emergency. These are just a few examples of the level of personal service we think you deserve as a Cadillac owner.

NAVIGATION BY ONSTAR[®]

Just push the OnStar button, and an Advisor can download voice-guided turn-by-turn directions⁴ to your Cadillac, and a voice will call out every turn, or send them to your navigation system, if equipped. You can also plan routes using MapQuest.com[®] and send them to your Cadillac.

SECURITY BY ONSTAR

If you've reported your Cadillac stolen, OnStar can use GPS technology to help authorities quickly locate and recover it. An OnStar Advisor can further assist authorities by sending a remote Stolen Vehicle Slowdown^{®7} signal to your vehicle to slow it down. Advisors can also enable a Remote Ignition Block⁷, making it impossible to restart a stolen vehicle once it has been turned off.

ROADSIDE ASSISTANCE

Cadillac offers more years of Roadside Assistance standard than any leading luxury brand, with services for 6 years or 110,000 km¹. The program provides lock-out, towing, refueling services and more.

COURTESY TRANSPORTATION

This Cadillac program provides alternate transportation and/or reimbursement of certain transportation expenses if your Cadillac requires warranty repairs for 6 years or 110,000 km¹.

DIAGNOSTICS BY ONSTAR[®]

With the most comprehensive diagnostics⁴ from OnStar, maintaining your Cadillac can be as simple as checking your email or your OnStar RemoteLink^{®3} mobile app. Every month, you can receive an email with the status of key operating systems, or push your OnStar button for a real-time diagnostics check on demand.

EMERGENCY BY ONSTAR

With Automatic Crash Response⁵ in most crashes, built-in sensors can automatically alert an OnStar Advisor who is immediately connected into your Cadillac to see if you need help sent to your exact location. Other OnStar emergency services include Injury Severity Predictor and First Assist, which ensure you quickly get the help you need when seconds matter most. All Cadillac models come with 1 year of OnStar service standard.

CONNECTIONS BY ONSTAR

Available Hands-Free Calling[®] capability from OnStar allows you to make and receive calls safely from your Cadillac. With the OnStar RemoteLink^{®3} mobile app, you can access real-time information and control your Cadillac from anywhere you have cellphone service. Now you can even find a destination with RemoteLink^{®3} and send directions right to your vehicle.

MYCADILLAC APP⁹

The ingenuity of the Escalade doesn't stop with the vehicle. As a Cadillac owner, an advanced complimentary app is available for your new car. From virtually anywhere at any time, a few taps of your finger on your iPhone or Android smartphone let you access features like parking reminders, Roadside Assistance and more. Plus, in conjunction with the OnStar RemoteLink^{®3} app, you'll have the ability to remotely start your vehicle (when factory equipped) from any place you have cell service and lock and unlock your doors¹⁰. In addition, you can access key diagnostic information, including fuel tank level and range and remaining oil life.

1. Whichever comes first. See dealer for limited warranty details. 2. Whichever comes first. See dealer for select scheduled maintenance details. 3. Available on select Apple[®] Android[™], BlackBerry[®] and Windows[™] devices. Services vary by device, vehicle and conditions. Requires active OnStar service plan. 4. Capabilities vary by model. 5. Visit onstar.ca for coverage map, details and system limitations. Services vary by model and conditions. OnStar acts as a link to existing emergency service providers. Not all vehicles may transmit all crash data. After complimentary trial period, an active OnStar service plan is required. 6. Visit onstar.ca for coverage map, details and system limitations. Services vary by model and conditions. 7. Services vary by model and conditions. 8. Visit onstar.ca for coverage map, details and system limitations. Requires an existing OnStar contract and prepaid minutes. 9. Requires iPhone or Android platform. 10. Requires active OnStar subscription.

ACQUISITION OPTIONS

In addition to the many exclusive privileges of Cadillac ownership, General Motors of Canada has created a range of supplementary support programs to enhance your ownership experience. Some of these programs assist you in purchasing the Cadillac of your choice. Others help protect you and your new Cadillac over the long term.

PURCHASING:

- **Purchase Financing or Leasing** — On-the-spot financing at your GM dealership¹.
- **The GM Card** — GM cardholders may redeem up to \$3,500 GM Card[®] Earnings (subject to Vehicle Redemption Allowances) toward the Total Purchase Price on eligible new GM vehicles.² For full program details, please visit thegmcard.ca.

ADDITIONAL OWNERSHIP PROGRAMS:

- **GM Protection Plan (GMPP)** — The only extended service plan backed by the resources and commitment of General Motors. GMPP may be purchased at the time of sale or subsequently during the New Vehicle Limited Warranty period.³

INFORMATION RESOURCES:

You can obtain more information about Cadillac vehicles and programs from your Cadillac dealer, or at these information centres:

- The Cadillac website at cadillac.ca.
- The Cadillac Contact Centre at **1-888-446-2000** (1-800-263-3830 for TDD users).

A WORD ABOUT THIS BROCHURE

Some of the equipment shown or described throughout this brochure may be available at extra cost. We have tried to make this brochure comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colours, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this brochure and other printed materials provided at the dealership or affixed to vehicles are approximates based upon design and engineering drawings and prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been adapted since the time of printing, please check with your Cadillac dealer for complete details. General Motors of Canada Limited reserves the right to lengthen or shorten the model year for a product, for any reason, or to start and end model years at different times.

A WORD ABOUT ASSEMBLY

Cadillac vehicles are equipped with engines and components produced and assembled by different operating units of General Motors, its subsidiaries and suppliers, and these engines and components may change or be obtained from different sources from time to time. All such engines and components are approved for use in Cadillac vehicles. Certain equipment ordered may be unavailable at the time of assembly, and we suggest that you verify that your vehicle includes the equipment you ordered, or if there are changes, that they are acceptable to you.

A WORD ABOUT CORROSION

Cadillacs are designed and built to resist corrosion. All body sheet-metal components are warranted against rust-through corrosion for 6 years. There is no deductible for rust-through repairs. Application of additional rust-inhibiting materials is not required under the corrosion coverage and none is recommended.

TRADEMARKS

The marks appearing in the Cadillac brochure including, but not limited to, General Motors, GM, Cadillac, the Cadillac badge, Escalade and their respective logos, emblems, slogans and vehicle model names and body designs; and other marks such as Cadillac User Experience, CUE, ECOTEC, Magnetic Ride Control, StabiliTrak and Twilight Sentinel are trademarks of General Motors and/or General Motors of Canada Limited, its subsidiaries, affiliates or licensors.
